FOREVER REDWOOD

DIMENSIONS & DRAWINGS

Backyard Porch Pavilion

Our Backyard Porch Pavilion is available in lengths from 8' to 30' and widths from 8' to 22'.

We customize our pavilions to suit your needs. Just tell us what size and options you want. Prior to building any Pavilion, we provide our customers with a detailed set of drawing based on their proposed features (see samples below). This allows you review any choices made, making any needed adjustments before we begin building. Our drawing process is a great way to be sure that every detail has been considered so that your Pavilion will be exactly what you dreamed of.

For additional long-term structural strength, we add solid timber blocking in-between the dual support timbers. With this blocking, the dual supports are in effect converted into one solid 7 1/4 inch x 6 1/2 inch timber. See the example drawing below:
