II. SPECIFICATIONS

A. Dimensions & Drawings

Tabletops available in any size up to 15 ft. long and 60" wide. Tables are regularly 30 7/8" H but this height can be adjusted if you require. Table aprons are 3 1/4" H and are recessed under the tabletop edges by 3". Tabletop boards are 1 7/8" thick and leg timbers are 3 3/4" x 3 3/4" thick for proper support. Tabletop widths available from 30" to 60" Wide.

Length Specifications from 4ft. at 10ft.		
	L2	L3

6 ft.	6"	52 3/4"
7 ft.	7"	64 3/4"
8 ft.	8"	76 3/4"
10 ft.	10"	100 3/4"

Length Specifications from 12ft. at 15ft.		
	L1	L2
12 ft.	12 ft.	60 1/2"
14 ft.	14 ft.	72 1/2"
15 ft.	15 ft.	78 1/2"

Width Specifications	
W1	W2

46"	26 3/4"
51 3/4"	33 1/2"
57 1/2"	38 1/4"

Note: Although spacing between the legs is narrow on the ends (W2), an end chair works fine for widths 40" and wider. The reason is the apron is 3" recessed under the tabletop and all our armrests slide under the apron to at least touch the leg if necessary. The leg is 4 3/4" in from the tabletop edge and this is more than enough space to comfortably sit and eat or drink.

Benches for tables longer than 8 ft. are automatically configured with 4 side benches. (For example, a 10 ft. table has two 5 ft. benches per side). We don't normally offer 10 ft. long or longer separate benches because they tend to be impressive looking but not very practical. However, if you'd like one long bench per sides for your 10 to 14 ft. long table, just let us know. Benches over 8 ft. have an additional support in the center.

Massive Garden Bench with Cushion

Ruth Armchairs with Cushions

The most popular fabric choice over the years is the Forest Green. For this reason, we've made it our default fabric choice for all cushions. If you'd like a cushion in a color or pattern other than Forest Green, you can choose from thousands of fabrics by visiting our Sunbrella fabric partner Trivantage Upholstery Fabric at: <https://www.trivantage.com/fabric-upholstery>.

Just write the name and number of the fabric you'd like us to use to make your cushion in the comment box below the cushion selection. Most Sunbrella fabrics are under \$30/yard and are included in the cushion price. If you prefer a premium fabric over \$30/yard, the cost over \$30/yard will be manually added to your order total.

Trivantage fabric is made to sit out in the sun and not fade or fall apart for years. It's machine washable. Each cushion has a zipper so you can remove the foam and wash the fabric.

H. Tabletop Styles

**Seamless Tabletop
(Most Popular Indoors)**

Ideal for use in a covered patio or indoors. It can be taken outdoors for a meal or party but isn't designed for outdoor living. The seamless construction creates a beautiful unbroken tabletop surface that is just as strong as our standard tabletop.

**Standard Tabletop
(Recommended & Most Popular Outdoors)**

Recommended for tables to be left out in the weather. Outdoor tabletop boards need "breathing" room to expand and contract to the constant changes in moisture and temperature. The standard tabletop boards are separated by 1/16-inch to allow for this movement.

Parquet Tabletop Style

A seamless design made with contrasting blocks of varying wood grades to create a beautiful tapestry of color and wood grains. Designed primarily for indoor use, the Parquet table can be taken out for short stints outdoors. Its seamless design makes it ideal for a covered patio or indoor use year round. Any benches for a table set will be in matching parquet bench tops by default. If you prefer benches in a different design, just [let us know](#). The parquet pieces will be naturally varied in color as shown.

Old Country Tabletop Style

An old European design that can be used either outdoors or indoors. It has a perimeter frame with a dividing board across the center of the top widthwise. For indoors, we recommend the Old Country Seamless tabletop option. For year round outdoor applications, please choose the Old Country Standard tabletop design.

I. Corner Styles

The corners of the tables and benches can be made in 3 ways (Squared, Slightly Rounded or Rounded). The look is quite different and it takes only a few seconds to see what will work best for you (see drawings):

		
Squared	Slightly Rounded	Fully Rounded
Leave the corners of your table and/or bench tops squared for a more modern look (technically, 3/16" radius, for structural soundness).	The 1/2" radius rounding creates a softer look and it is the most popular option.	Was initially created for kid safety. It is a favorite for heavy use public places (1" radius).

Some rounding is a good idea for safety reasons (kids, elderly). The 1/2" radius rounding is a popular compromise between the two (see drawing). Just choose which option you would like during checkout.

J. Umbrella Hole

Want to enjoy an umbrella with your table? We do not sell umbrellas, but we can drill a 1 5/8" or 2" umbrella hole for you at no charge. Simply select this option at check-out. A plug is included with the umbrella hole option see images at right.

***Note:** For rectangular picnic or dining tables (not folding) largest than 11ft, umbrella hole option come drilled two equidistant holes instead one at the center.

Many customers prefer to use Umbrellas that are not placed over the table using an umbrella hole. For example:

For Rectangular Shaped Tables.

For Round Tables.

K. Finish Options

All our furniture ships finely sanded to 220 grit for a smooth to the touch finish.

The most popular finish is our Transparent Premium Sealant. This sealant leaves your furniture looking natural and helps keep the beautiful wood surface colors from fading for several years. We use Sikkens brand finishes because they are the best finishes on the market. For more information about our finishes and how to keep your furniture looking great year after year, please go to: [Care & Finish](#).

Unfinished (fine sanding only):

If you are applying your own stain or want the surface color to fade to a "weathered look" in a few months. We do not recommend you leave your furniture unfinished outdoors for any extended period regardless of wood quality. Outdoor weather changes constantly and it is best to at least seal the wood to protect it from consistently absorbing and losing moisture.

Transparent Premium Sealant - Recommended for Outdoors:

Below are the 5 grades of wood we offer with the Transparent Premium Sealant applied. The color tones shown are close representations of the color your furniture will look like. There is no extra charge for the Transparent Premium Sealant:

				
Douglas Fir (10 yr. Warranty)	Mosaic Eco-Wood (10 yr. Warranty)	Redwood (15 yr. Warranty)	Mature Redwood (20 yr. Warranty)	Old Growth Redwood (30 yr. Warranty)

We also offer the Transparent Premium Sealant with the following stains. There is a small charge for adding these stains because it increases the total amount of coats to 4 with the sealant as the final coats:

Here is how the Coffee Stain looks like on Redwood

Here is how the Cherry Stain looks like on Redwood

Tiger Stripe Effect

Douglas-Fir when stained dark creates a "tiger stripe" effect as shown in this photo. It is beautiful and most customers love it. If you are looking for a dark consistent stain and do not want to see a "tiger stripe effect", please go with any of the Redwood grades for a more consistent stain finish.

Primers

- **Off-White Oil-Based Primer:** If you are painting a light color. We apply two coats so that it is ready for one final coat.
- **Gray Oil-Based Primer:** If you are painting a darker color. We apply two coats so that it is ready for the final coat.

III. ASSEMBLY & CARE

Assembly Instructions for: [Luna Arch Back Wooden Chair](#)

Assembly Instructions for: [Ruth Redwood Dining Chair](#)

Assembly Instructions for: [Massive Wooden Dining Chair](#)

Assembly Instructions for: [Classic Wooden Picnic Bench](#)

Assembly Instructions for: [Wood Patio Bench](#)

All You Need is a Few Tools and a Friend.

Assembly is best done by two people and usually takes about half a day to a day, depending on size. Pergolas need a ratchet wrench, a hammer and a ladder to put them together. In some cases, you might need a drill to attach the posts into concrete. As with all our products, we preassemble pergolas in our shop to ensure everything fits together. All hardware is included and all parts are clearly labeled before it is shipped. We also include detailed step-by-step instructions.

Take a look at our assembly instructions below for specific details. If you plan to pour concrete to hold the posts, the project will require an additional half day prior to assembly. Please do the concrete pour a few days prior to assembly to allow the concrete to cure.

Installation Help.

Special talent is not required to re-assemble our pergolas. But, if you would like help, [just let us know](#). We have our own team for installations in California, Nevada and Southern Arizona and a network of local contractors we recommend for farther afield.

Care: Your Forever Redwood Furniture will last for decades in year-round weather without maintenance.

Depending on the wood grade you choose, even with harsh year-round outdoor conditions, you can expect your furniture to last from ten to forty years without maintenance of any kind.

Being outside year-round is rough on any woods finish. The surface absorbs UV rays, pollution, constant variations in moisture and temperature and it also oxidizes. This is why most wood just doesn't hold up and the surface color slowly changes towards a silver patina over the years. But, with Forever Redwood, you don't have to worry. The silver patina is surface deep only (less than 1/64") and is not indicative of decay. Your set will last decades and is not compromised in any way by the surface color change. For example, we keep our display items as is without refinishing to show off this natural aging (we like the patina!).

Although Forever Redwood is maintenance-free, we recommended you take a few minutes as needed to clean by either hosing down and/or brushing/dusting away accumulated debris (no soap or chemicals needed). If you'd like to keep your set looking its best for decades, please go to: [Care and Finish](#).

IV. MATERIALS

The secret to outdoor longevity begins and ends with the wood. We use generous amounts of the most decay resistant wood available. We encourage our customers to compare photos of our items side by side with any competing product. Thickness counts. Furniture that is thin and light simply won't last in the year round weather.

To keep your furniture beautiful, we use only stainless steel hardware and the highest quality stains and sealants. We use only the Sickens brand of sealants.

Our primary customer has always been the homeowner that appreciates spending a bit more for quality that will last decades.

Our products are installed with organizations that appreciate longevity like the U.S. Forest Service, U.S. military installations, State and City parks, golf clubs and hotels.

We are favored by many landscape architects and contractors because they can count on exceptional quality and quick personal service to complete projects.

We build each item by hand. This insures your set is finely finished and carefully inspected. Old-fashioned hand building also allows us to adjust the size or design of any item to fit your needs.

Because we are a forestry company, we can offer 5 exceptional wood grades to choose from our carefully managed forests with warranties of up to 30 years against decay in any weather. [Click for more about our 5 wood grades](#).

V. WARRANTY

Wood decay is warrantied up to 30 years depending on the wood grade. No other outdoor furniture manufacturer has warranties like this. The key is the excellent quality of our wood and the extra-thick timber designs of all our pieces.

Wood Grades and Decay Warranty:

- Douglas-fir: 10 years
- Mosaic Eco-Wood: 10 years
- Redwood: 15 years

- Mature Redwood: 20 years
- Old-Growth Redwood: 30 years

Forever Redwood stands behind its products. We are committed to quickly resolving any issues that might occur. For more information please see our [Warranty](#) page.
