**Step 1:** Attach the back walls panels (3) to the floor support (1,2) with 3/8" x 2 1/2" lag bolts (A). The wall panels will be attached together with 5/16" x 3 1/2" bolts (B). Each part has a series of numbers that indicate where to attach the part with the corresponding number.

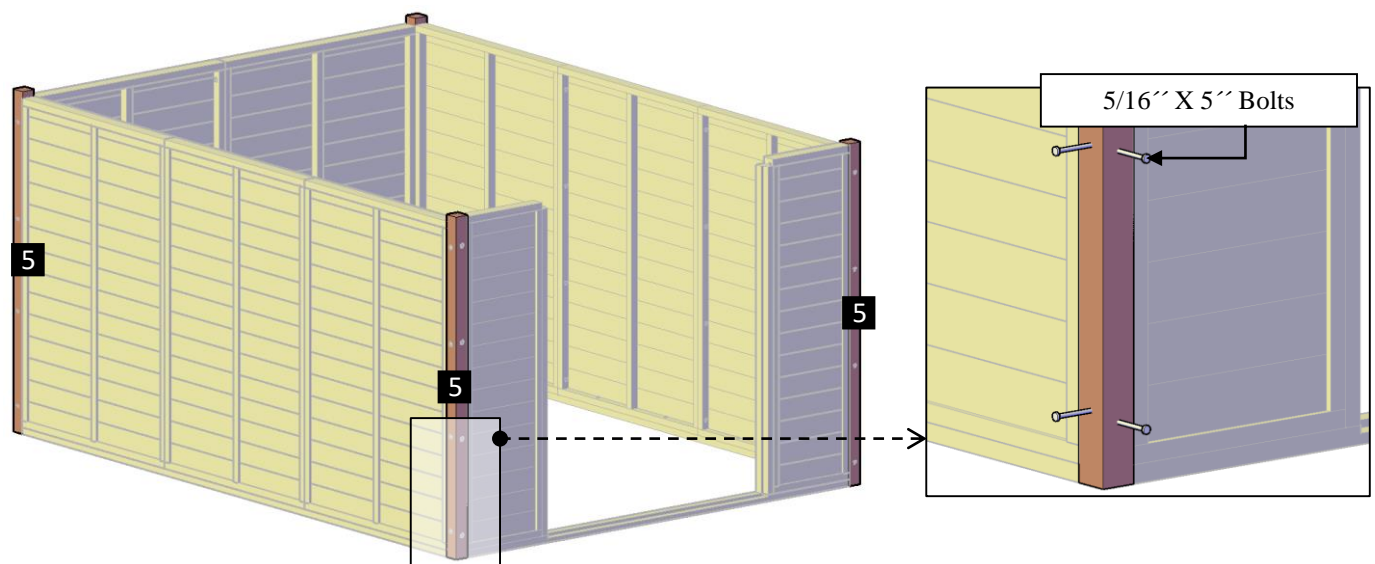

Repeat this step to assemble the lateral walls.

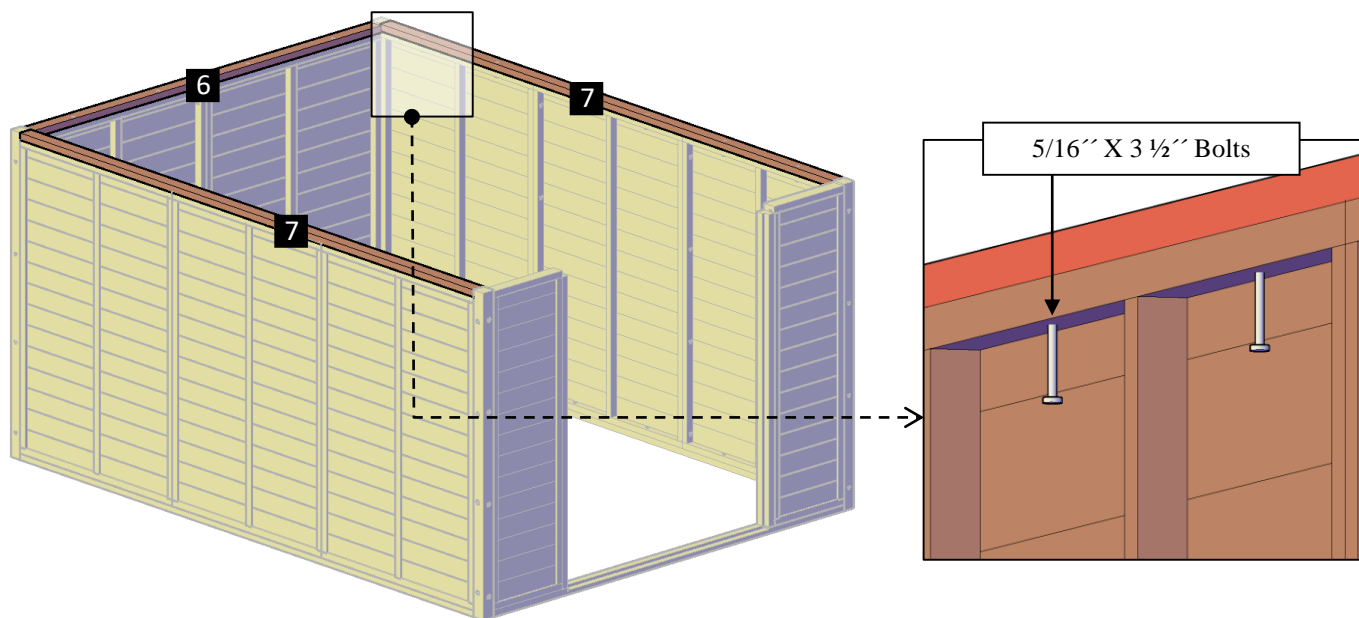

**Step 2:** Attach the front walls panels (4) to the front floor support (1) with 3/8" x 2 1/2" lag bolts (A). Each part has a series of numbers that indicate where to attach the part with the corresponding number.

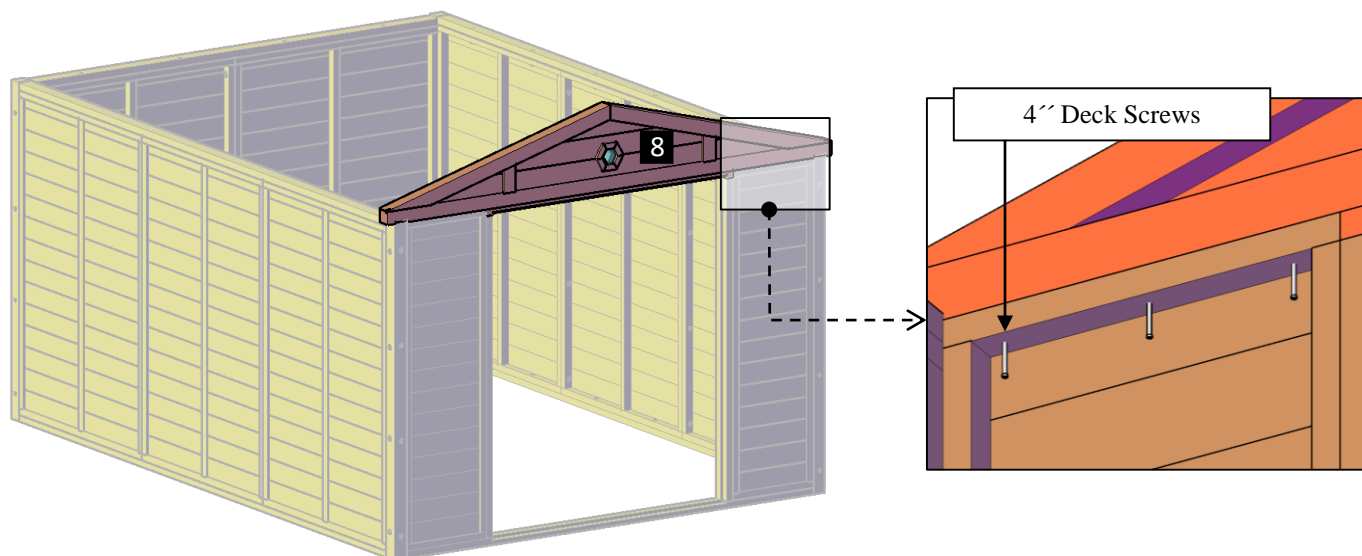

**Step 3:** Use 5/16" x 5" bolts (5) to attach the posts (C) to the walls. Each part has a series of numbers that indicate where to attach the part with the corresponding number.

**Step 4:** Attach the roof supports (6,7) to the walls with 5/16" x 3 1/2" bolts (B). Each part has a series of numbers that indicate where to attach the part with the corresponding number.

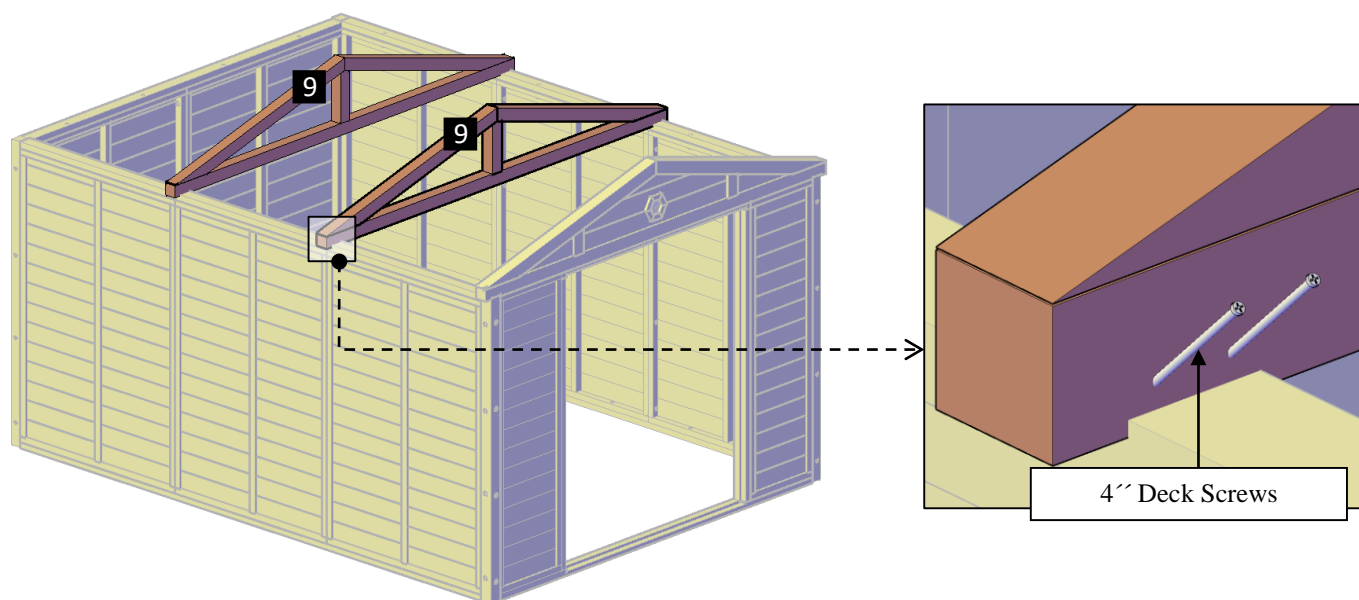

**Step 5:** Use 4" deck screws (D) to attach the frontal triangle (8) to the frontal walls. Each part has a series of numbers that indicate where to attach the part with the corresponding number.

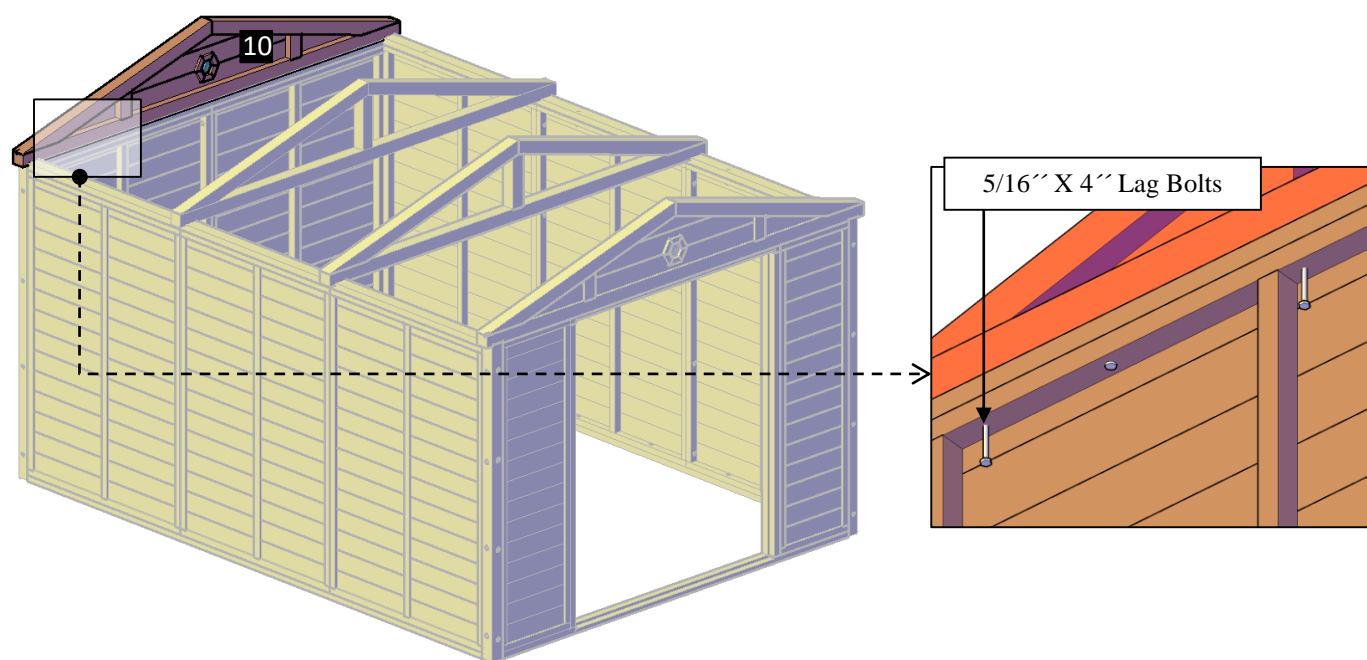

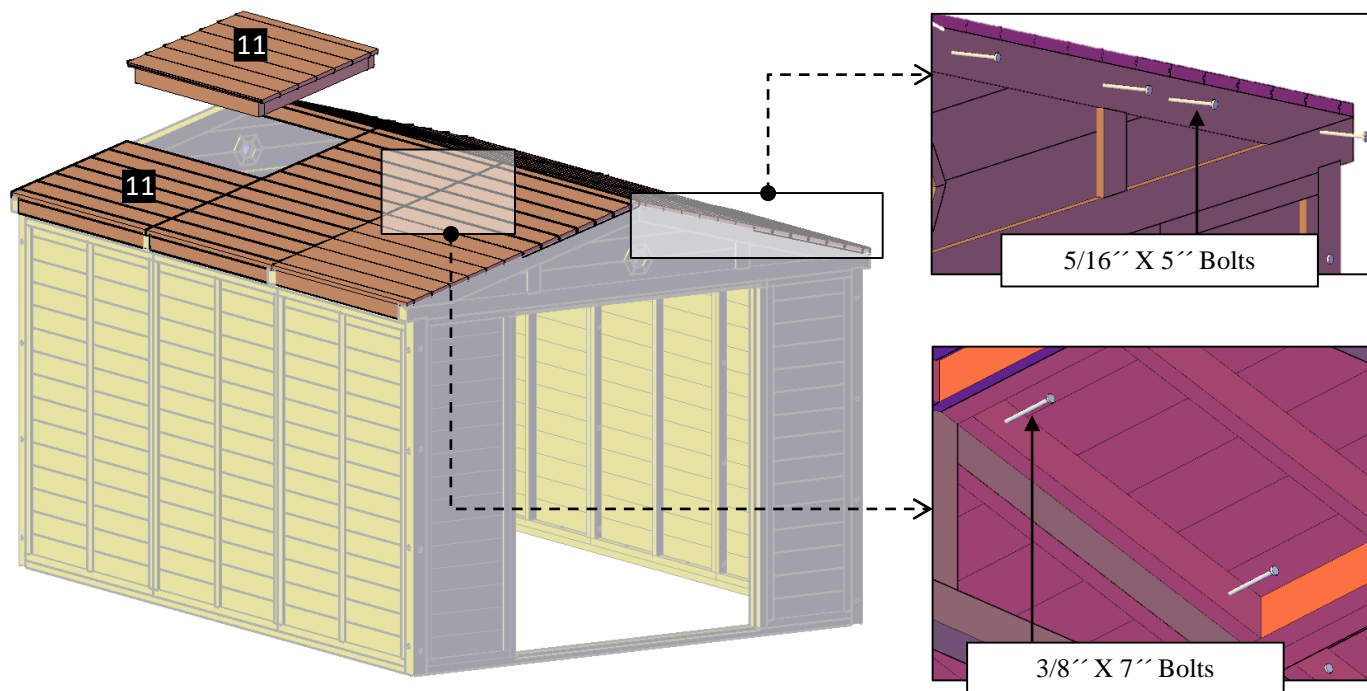

**Step 6:** Attach the central triangles (9) to the lateral walls with 4" deck screws (D). Each part has a series of numbers that indicate where to attach the part with the corresponding number.

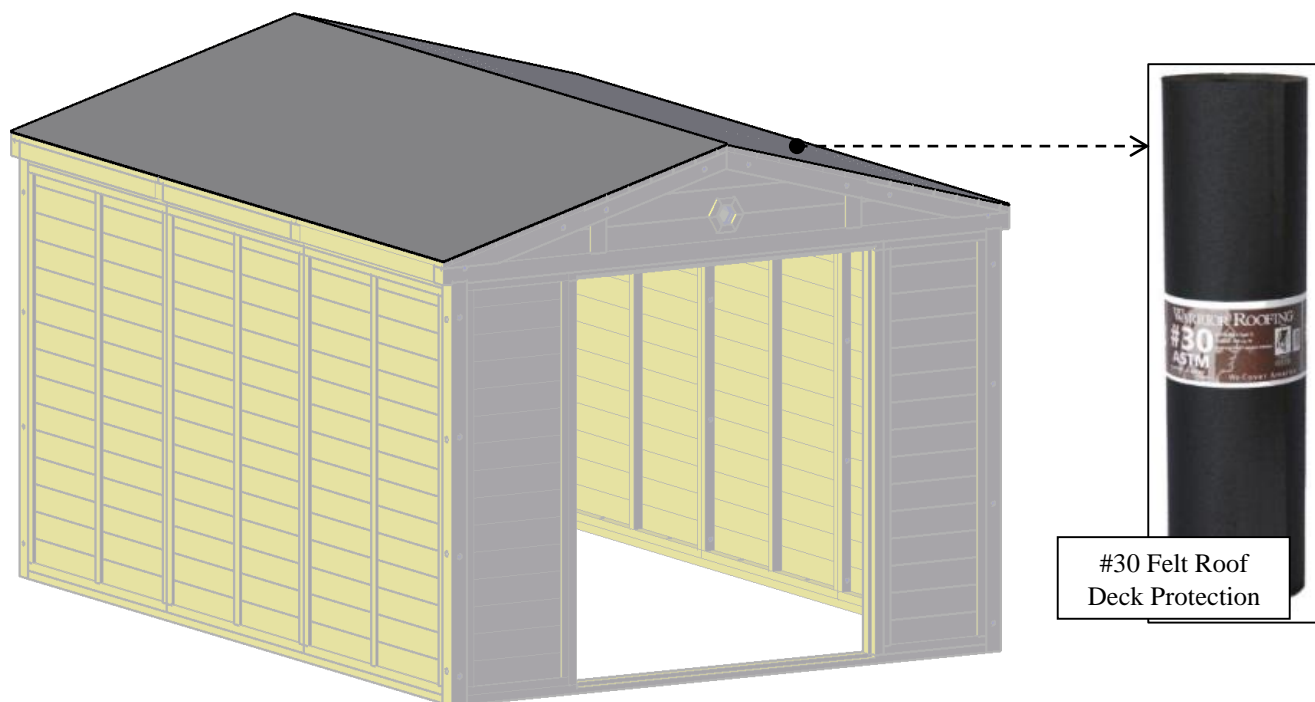

**Step 7:** Use 5/16" x 4" lag bolts (E) to attach the back triangle (10) to the back walls. Each part has a series of numbers that indicate where to attach the part with the corresponding number.

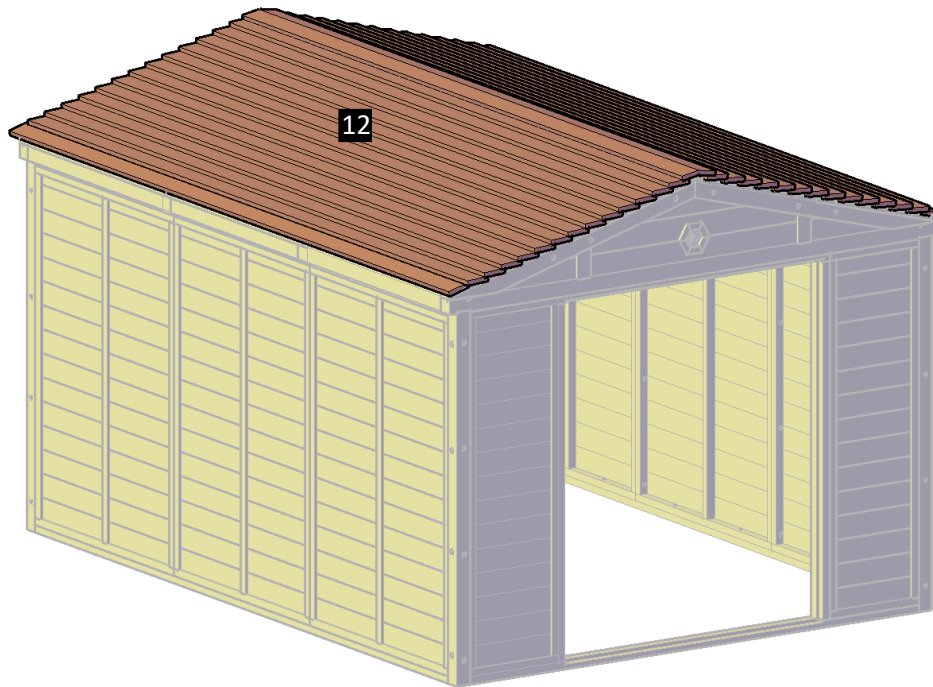

**Step 8:** Attach the roof panels (11) to the perimeter triangles with 5/16" x 5" bolts (C). After that, use 3/8" x 7" bolts (F) to attach to the central triangles. Finally, put Exterior Clear Silicone on the roof panels joints. Each part has a series of numbers that indicate where to attach the part with the corresponding number.

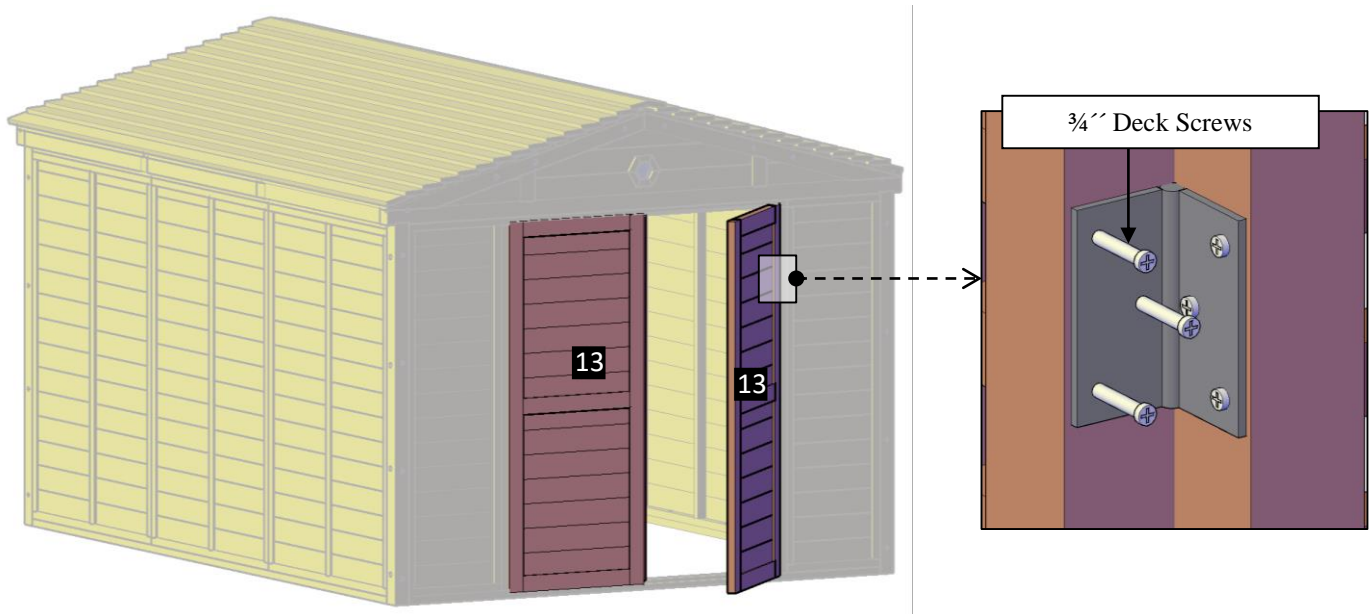

**Step 9:** Measure the roof panels. After that, cut the #30 Felt Roof Deck Protection to those measurements. Use staples to attach the #30 Felt Roof Deck Protection to the roof panels.

**Step 10:** Use 2 ½" deck screws (G) to attach the roof boards (12) to the roof panels. Put the boards from the bottom to the top, the overlapping between these boards it will be of ¾". Each part has a series of numbers that indicate where to attach the part with the corresponding number.

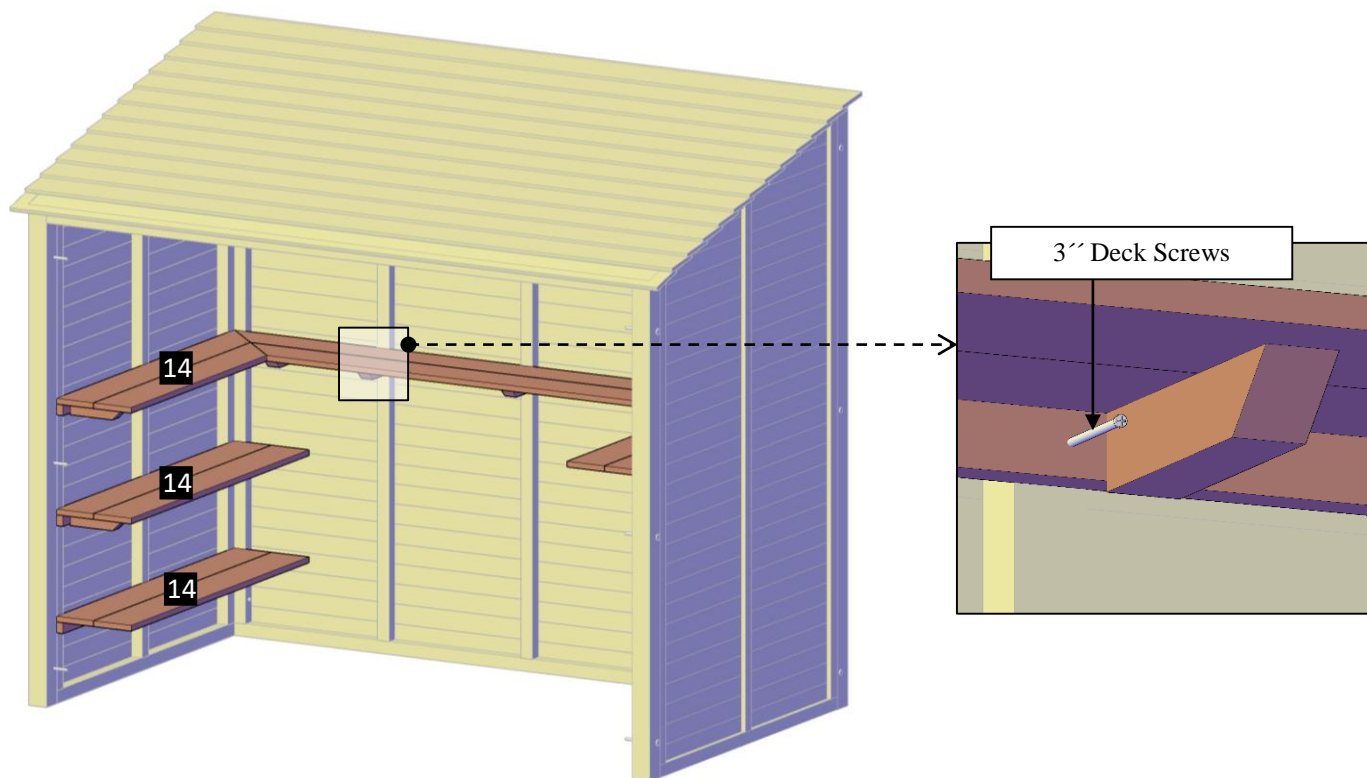

**Step 11:** Attach the doors (13) to the front wall with ¾" deck screws (H). Each part has a series of numbers that indicate where to attach the part with the corresponding number.

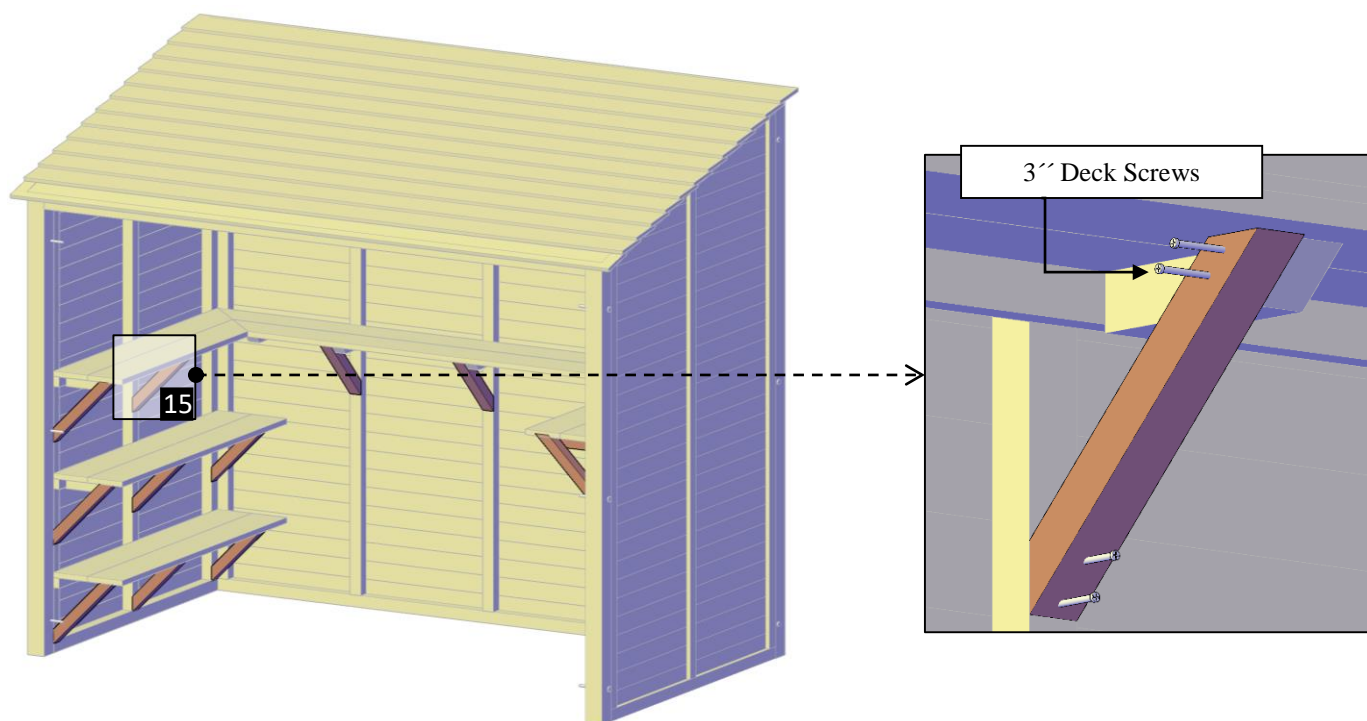

If your Storage includes shelves, follow these instructions.

**Step 12:** Attach the shelves (14) to the walls with 3'' Deck Screws (I). Each part has a series of numbers that indicate where to attach the part with the corresponding number.

**Step 13:** Finally, use 3'' Deck Screws (I) to attach the knee braces (15) to the shelves and to the walls. Each part has a series of numbers that indicate where to attach the part with the corresponding number.

*This completes the Storage assembly. Hope you enjoy your set for many decades. If you ever have a problem or a question, don't hesitate to call us (866 332 2403) or email us. We are here to support you.*
