I. DESCRIPTION

This table has a huge, parquet wood surface that brings the true, rich colors out of the California Redwood (or other of our wood options you choose). The Octagonal Terrace Table is also made from sustainable restoration forestry, which means you can rest assured that the impact on the environment is little, something we care deeply about here at Forever Redwood. Our tables, much like our timber, are strong, beautiful, and will last for a lifetime.

- Available in 3 sizes to seat up to 12 adults comfortably.
- As with most of our products, feel free to tailor the table set to your wishes. From tabletop styles for outdoors or indoors to adding an umbrella hole and sealant options.
- **Materials to last decades** - Our extra thick Redwood outlasts cedar/teak. We use only stainless hardware and the best weather resistant sealants.
- **Simple Assembly.** Tabletop ships fully assembled. Just add leg assembly. All hardware included.

You can customize your order here on our page, and we will send you detailed construction plans within just a matter of days. We build each product right here in our California studio, and ship in easy-to-assemble pieces, ready to go in less than a day after home delivery. We also provide special assembly upon delivery, if you live in the radius of the assembly team area. Reach out to us today to find out how to get yours.

II. SPECIFICATIONS

A. Dimensions & Drawings

The tables are substantially overbuilt to last. All tabletop boards are 1 7/8" thick. The 4 ft. and 4.5 ft. tables have legs made with extra thick 1 7/8" x 5 3/4" timbers. The 5 ft. tables have legs built from 2 5/8" x 5 3/4" timbers. Tables with attached benches use timbers under the table to hold the benches. If you plan to use an umbrella stand, keep in mind these timbers limit umbrella stand height to 12.5" or less. If you require a custom size for your furniture, please let us know. In almost all cases we can accommodate your needs.

What about the corners?

By default, all table and bench top corners are rounded for safety reasons. If you prefer less rounding or another diameter of rounding, please just let us know. Thank you.

B. Seating

Helen's Octagonal Terrace Tables are available alone and with unattached benches (see drawing below). Unattached benches are four free-standing benches.

C. Umbrella Hole

Want to enjoy an umbrella with your table? We do not sell umbrellas, but we can drill a 1 5/8" or 2" umbrella hole for you at no charge. Simply select this option at check-out. A plug is included with the umbrella hole option see images at right.

***Note:** For rectangular picnic or dining tables (not folding) largest than 11ft, umbrella hole option come drilled two equidistant holes instead one at the center.

Many customers prefer to use Umbrellas that are not placed over the table using an umbrella hole. For example:

D. Finish Options

All our furniture ships finely sanded to 220 grit for a smooth to the touch finish.

The most popular finish is our Transparent Premium Sealant. This sealant leaves your furniture looking natural and helps keep the beautiful wood surface colors from fading for several years. We use Sikkens brand finishes because they are the best finishes on the market. For more information about our finishes and how to keep your furniture looking great year after year, please go to: [Care & Finish.](#)

Unfinished (fine sanding only):

If you are applying your own stain or want the surface color to fade to a "weathered look" in a few months. We do not recommend you leave your furniture unfinished outdoors for any extended period regardless of wood quality. Outdoor weather changes constantly and it is best to at least seal the wood to protect it from consistently absorbing and losing moisture.

Transparent Premium Sealant - Recommended for Outdoors:

Below are the 5 grades of wood we offer with the Transparent Premium Sealant applied. The color tones shown are close representations of the color your furniture will look like. There is no extra charge for the Transparent Premium Sealant:

				
Douglas Fir (10 yr. Warranty)	Mosaic Eco-Wood (10 yr. Warranty)	Redwood (15 yr. Warranty)	Mature Redwood (20 yr. Warranty)	Old Growth Redwood (30 yr. Warranty)

We also offer the Transparent Premium Sealant with the following stains. There is a small charge for adding these stains because it increases the total amount of coats to 4 with the sealant as the final coats:

				
Transparent	Cherry Stain	Coffee Stain	Black Premium Stain	White Wash

Tiger Stripe Effect

Douglas-Fir when stained dark creates a "tiger stripe" effect as shown in this photo. It is beautiful and most customers love it. If you are looking for a dark consistent stain and do not want to see a "tiger stripe effect", please go with any of the Redwood grades for a more consistent stain finish.

Primers

- **Off-White Oil-Based Primer:** If you are painting a light color. We apply two coats so that it is ready for one final coat.
- **Gray Oil-Based Primer:** If you are painting a darker color. We apply two coats so that it is ready for the final coat.

III. ASSEMBLY & CARE

Assembly Instructions for: [Helen's Octagonal Terrace Tables](#)

Assembly Instructions for: [The V-Wing Bench](#)

All You Need is a Few Tools and a Friend.

Assembly is best done by two people and usually takes about half a day to a day, depending on size. Pergolas need a ratchet wrench, a hammer and a ladder to put them together. In some cases, you might need a drill to attach the posts into concrete. As with all our products, we preassemble pergolas in our shop to ensure everything fits together. All hardware is included and all parts are clearly labeled before it is shipped. We also include detailed step-by-step instructions.

Take a look at our assembly instructions below for specific details. If you plan to pour concrete to hold the posts, the project will require an additional half day prior to assembly. Please do the concrete pour a few days prior to assembly to allow the concrete to cure.

Installation Help.

Special talent is not required to re-assemble our pergolas. But, if you would like help, [just let us know](#). We have our own team for installations in California, Nevada and Southern Arizona and a network of local contractors we recommend for farther afield.

Care: Your Forever Redwood Furniture will last for decades in year-round weather without maintenance.

Depending on the wood grade you choose, even with harsh year-round outdoor conditions, you can expect your furniture to last from ten to forty years without maintenance of any kind.

Being outside year-round is rough on any woods finish. The surface absorbs UV rays, pollution, constant variations in moisture and temperature and it also oxidizes. This is why most wood just doesn't hold up and the surface color slowly changes towards a silver patina over the years. But, with Forever Redwood, you don't have to worry. The silver patina is surface deep only (less than 1/64") and is not indicative of decay. Your set will last decades and is not compromised in any way by the surface color change. For example, we keep our display items as is without refinishing to show off this natural aging (we like the patina!).

Although Forever Redwood is maintenance-free, we recommended you take a few minutes as needed to clean by either hosing down and/or brushing/dusting away accumulated debris (no soap or chemicals needed). If you'd like to keep your set looking its best for decades, please go to: [Care and Finish](#).

IV. MATERIALS

The secret to outdoor longevity begins and ends with the wood. We use generous amounts of the most decay resistant wood available. We encourage our customers to compare photos of our items side by side with any competing product. Thickness counts. Furniture that is thin and light simply won't last in the year round weather.

To keep your furniture beautiful, we use only stainless steel hardware and the highest quality stains and sealants. We use only the Sickens brand of sealants.

Our primary customer has always been the homeowner that appreciates spending a bit more for quality that will last decades.

Our products are installed with organizations that appreciate longevity like the U.S. Forest Service, U.S. military installations, State and City parks, golf clubs and hotels.

We are favored by many landscape architects and contractors because they can count on exceptional quality and quick personal service to complete projects.

We build each item by hand. This insures your set is finely finished and carefully inspected. Old-fashioned hand building also allows us to adjust the size or design of any item to fit your needs.

Because we are a forestry company, we can offer 5 exceptional wood grades to choose from our carefully managed forests with warranties of up to 30 years against decay in any weather. [Click for more about our 5 wood grades.](#)

V. WARRANTY

Wood decay is warrantied up to 30 years depending on the wood grade. No other outdoor furniture manufacturer has warranties like this. The key is the excellent quality of our wood and the extra-thick timber designs of all our pieces.

Wood Grades and Decay Warranty:

- Douglas-fir: 10 years
- Mosaic Eco-Wood: 10 years
- Redwood: 15 years
- Mature Redwood: 20 years
- Old-Growth Redwood: 30 years

Forever Redwood stands behind its products. We are committed to quickly resolving any issues that might occur. For more information please see our [Warranty](#) page.
