Massive Garden Bench with Cushion

Ruth Armchairs with Cushions

The most popular fabric choice over the years is the Forest Green. For this reason, we've made it our default fabric choice for all cushions. If you'd like a cushion in a color or pattern other than Forest Green, you can choose from thousands of fabrics by visiting our Sunbrella fabric partner Trivantage Upholstery Fabric at: <https://www.trivantage.com/fabric-upholstery>.

Just write the name and number of the fabric you'd like us to use to make your cushion in the comment box below the cushion selection. Most Sunbrella fabrics are under \$30/yard and are included in the cushion price. If you prefer a premium fabric over \$30/yard, the cost over \$30/yard will be manually added to your order total.

Trivantage fabric is made to sit out in the sun and not fade or fall apart for years. It's machine washable. Each cushion has a zipper so you can remove the foam and wash the fabric.

E. Hanging Hardware

Our Chain Hanging hardware is similar to the Swing hanging hardware at Playgrounds. The pivoting steel moves with the swinging motion. We use 1/4-inch-thick steel plate construction.

We ship springs with each swing set. The springs allow the seat to give just a bit and is a favorite of many customers. The springs are easily added and removed depending on whether you like the softness it adds to the ride.

	
All Stainless Steel Hanging Hardware to attach to beam. (pivoting steel hangars, chain, seat eyebolts, springs & quick links). When you make an order please write in height and diagonal width of your beam in comment section	All Stainless Steel Hanging Hardware to attach to tree (Branch chain loop, chain, seat eyebolts, springs & quick links) plus chain loop with protective plastic hosing for tree branch installation. When you make an order please write in height and diameter of tree branch in comment section

We ship 1/4" thick stainless steel chain assuming your beam or tree branch is 10 ft. off the ground. If you need more chain because your beam or branch is more than 10 ft. off the ground, please make a note in the comment section at checkout. There is an additional charge for extra chain. If your beam or branch is less than 10 ft. off the ground, please let us know the distance so we do not send extra chain unnecessarily. Thank you.

TREE SWINGS

If you have a big, beautiful tree from which you'd like to hang a swing, check out our Rory's Tree Swing option. This comes with all necessary hardware to attach a swing to your tree, including the seat, eyebolts, chain, and chain loops to go around the tree limb. We recommend you use an old garden hose to wrap around the tree limb. Slice it open lengthwise and place the chain in it. Don't wrap the chain tightly around the tree limb. Give the limb some growing room. Our standard length of chain is 10 ft., plus 3 ft. for the loops. But let us know at checkout if you need more or less, and we'll be glad to send you exactly the length you need.

G. Finish Options

All our furniture ships finely sanded to 220 grit for a smooth to the touch finish.

The most popular finish is our Transparent Premium Sealant. This sealant leaves your furniture looking natural and helps keep the beautiful wood surface colors from fading for several years. We use Sikkens brand finishes because they are the best finishes on the market. For more information about our finishes and how to keep your furniture looking great year after year, please go to: [Care & Finish.](#)

Unfinished (fine sanding only):

If you are applying your own stain or want the surface color to fade to a "weathered look" in a few months. We do not recommend you leave your furniture unfinished outdoors for any extended period regardless of wood quality. Outdoor weather changes constantly and it is best to at least seal the wood to protect it from consistently absorbing and losing moisture.

Transparent Premium Sealant - Recommended for Outdoors:

Below are the 5 grades of wood we offer with the Transparent Premium Sealant applied. The color tones shown are close representations of the color your furniture will look like. There is no extra charge for the Transparent Premium Sealant:

				
Douglas Fir (10 yr. Warranty)	Mosaic Eco-Wood (10 yr. Warranty)	Redwood (15 yr. Warranty)	Mature Redwood (20 yr. Warranty)	Old Growth Redwood (30 yr. Warranty)

We also offer the Transparent Premium Sealant with the following stains. There is a small charge for adding these stains because it increases the total amount of coats to 4 with the sealant as the final coats:

				
Transparent	Cherry Stain	Coffee Stain	Black Premium Stain	White Wash

Tiger Stripe Effect

Douglas-Fir when stained dark creates a "tiger stripe" effect as shown in this photo. It is beautiful and most customers love it. If you are looking for a dark consistent stain and do not want to see a "tiger stripe effect", please go with any of the Redwood grades for a more consistent stain finish.

Primers

- **Off-White Oil-Based Primer:** If you are painting a light color. We apply two coats so that it is ready for one final coat.
- **Gray Oil-Based Primer:** If you are painting a darker color. We apply two coats so that it is ready for the final coat.

III. ASSEMBLY & CARE

Assembly Instructions for: [Jhoola Day Bed Swing Sets](#)

All You Need is a Few Tools and a Friend.

Assembly is best done by two people and usually takes about half a day to a day, depending on size. Pergolas need a ratchet wrench, a hammer and a ladder to put them together. In some cases, you might need a drill to attach the posts into concrete. As with all our products, we preassemble pergolas in our shop to ensure everything fits together. All hardware is included and all parts are clearly labeled before it is shipped. We also include detailed step-by-step instructions.

Take a look at our assembly instructions below for specific details. If you plan to pour concrete to hold the posts, the project will require an additional half day prior to assembly. Please do the concrete pour a few days prior to assembly to allow the concrete to cure.

Installation Help.

Special talent is not required to re-assemble our pergolas. But, if you would like help, [just let us know](#). We have our own team for installations in California, Nevada and Southern Arizona and a network of local contractors we recommend for farther afield.

Care: Your Forever Redwood Furniture will last for decades in year-round weather without maintenance.

Depending on the wood grade you choose, even with harsh year-round outdoor conditions, you can expect your furniture to last from ten to forty years without maintenance of any kind.

Being outside year-round is rough on any woods finish. The surface absorbs UV rays, pollution, constant variations in moisture and temperature and it also oxidizes. This is why most wood just doesn't hold up and the surface color slowly changes towards a silver patina over the years. But, with Forever Redwood, you don't have to worry. The silver patina is surface deep only (less than 1/64") and is not indicative of decay. Your set will last decades and is not compromised in any way by the surface color change. For example, we keep our display items as is without refinishing to show off this natural aging (we like the patina!).

Although Forever Redwood is maintenance-free, we recommended you take a few minutes as needed to clean by either hosing down and/or brushing/dusting away accumulated debris (no soap or chemicals needed). If you'd like to keep your set looking its best for decades, please go to: [Care and Finish](#).

IV. MATERIALS

The secret to outdoor longevity begins and ends with the wood. We use generous amounts of the most decay resistant wood available. We encourage our customers to compare photos of our items side by side with any competing product. Thickness counts. Furniture that is thin and light simply won't last in the year round weather.

To keep your furniture beautiful, we use only stainless steel hardware and the highest quality stains and sealants. We use only the Sickens brand of sealants.

Our primary customer has always been the homeowner that appreciates spending a bit more for quality that will last decades.

Our products are installed with organizations that appreciate longevity like the U.S. Forest Service, U.S. military installations, State and City parks, golf clubs and hotels.

We are favored by many landscape architects and contractors because they can count on exceptional quality and quick personal service to complete projects.

We build each item by hand. This insures your set is finely finished and carefully inspected. Old-fashioned hand building also allows us to adjust the size or design of any item to fit your needs.

Because we are a forestry company, we can offer 5 exceptional wood grades to choose from our carefully managed forests with warranties of up to 30 years against decay in any weather. [Click for more about our 5 wood grades.](#)

V. WARRANTY

Wood decay is warrantied up to 30 years depending on the wood grade. No other outdoor furniture manufacturer has warranties like this. The key is the excellent quality of our wood and the extra-thick timber designs of all our pieces.

Wood Grades and Decay Warranty:

- Douglas-fir: 10 years
- Mosaic Eco-Wood: 10 years
- Redwood: 15 years
- Mature Redwood: 20 years
- Old-Growth Redwood: 30 years

Forever Redwood stands behind its products. We are committed to quickly resolving any issues that might occur. For more information please see our [Warranty](#) page.
