I. DESCRIPTION

Like all of our Forever Redwood products, this Custom Made Wood Spa Gazebo is fully customizable to meet your needs, and is built to withstand an array of harsh weather and outdoor conditions. You can have your Spa Gazebo Kit designed to have sliding or fixed windows, with or without tints, and pick your own door style to go with your personal tastes.

- **Gazebos are fully erected in the shop for easy re-assembly.** No drilling, sanding or cutting needed. Ships in finished panels that bolt together quickly.
- **Detailed Drawings are emailed within 5 business days.** You can change any detail or dimension to ensure your spa gazebo kit will work perfectly for you.
- **Every Gazebo is custom built.** You can choose from our standard sizes and options or if you don't see a size or detail you'd like, [let us know](#).
- **Options include:** Windows (sliding or fixed, tinted or clear, with or without screens), wood flooring, skylight choices and door styles (French or sliding). Door and window layout is also flexible - yes, you can place the door anywhere you like.
- **Our [wood gazebo kits](#) are guaranteed to last decades.** Redwood outlasts teak and cedar. We use oversized timbers, Stainless Steel hardware and the best weather resistant sealant.

Our Spa Gazebo Kits are built to last, and made with sustainably harvested wood, to ensure minimal impact on the environment. Our kits are guaranteed to last a lifetime, with warranties from 10 to 30 years, depending on the wood you choose. You can customize your Spa Gazebo kit and have us send it out within three business days. Assembly is quick and easy, and we can even help you install with one of our highly qualified build teams. Call us today to find out more!

II. SPECIFICATIONS

A. Dimensions & Drawings

We can customize our gazebos to suit your needs. Just tell us what size and what options you want. Prior to building any Gazebo, we provide our customers with a detailed drawing based on their proposed features. This lets you review any choices made and make any needed adjustments before it is built. Drawings are a great way to make certain all details have been considered and that your Gazebo will be exactly what you dreamed of.

Dimensions Common to All Sizes: Walls are 7 feet tall, and the standard roof overhang is 6 inches (see drawings below).

L x W (Ft.)	Sq. Ft.	Wt. Range (Lbs.)	Std. Skylight (Ft.)
8 x 8	64	672 to 800	4 x 4
8 x 10	80	840 to 1000	4 x 4
8 x 12	96	1008 to 1200	4 x 6
8 x 14	112	1176 to 1400	4 x 8
8 x 16	128	1300 to 1540	4 x 8
10 x 10	100	1050 to 1250	4 x 4
10 x 12	120	1260 to 1500	4 x 6
10 x 14	140	1470 to 1750	4 x 8
10 x 16	160	1575 to 1875	4 x 8
12 x 12	144	1512 to 1800	4 x 8
12 x 14	168	1764 to 2100	4 x 8
12 x 16	192	2016 to 2400	4 x 8
14 x 14	196	2058 to 2450	4 x 8
14 x 16	224	2352 to 2800	4 x 8
16 x 16	256	2688 to 3200	4 x 8

B. Walls / Windows

The standard exterior walls are 24 inches from the ground to the bottom of the window. You can choose to have the height of your walls be 30 inches or 36 inches instead. And you can choose to have the boards on the exterior walls be facing vertical (as shown) or horizontal.

The windows can be your choice of sliding panels with screens or fixed window panels. Windows are semi-transparent tinted bronze acrylic allowing visibility while adding privacy and blocking the sun. Acrylic will not fade. Acrylic windows are also available in solid white or clear.

If you want a gazebo without any walls just the open pavilion-style framework plus roof, please [contact](#) us for pricing you will save between 20% to 30% depending on the size.

C. Gazebo Roof Type

Metal Roof

D. Gazebo Skylight Size

Depending on the size of your Gazebo, you can choose from several Skylight sizes. The Skylight comes with an 8 ft. long 2x2 wooden stick to allow you to easily open and close the skylight for added ventilation. If you'd like your Skylight to be fixed so that it cannot be opened, please let us know in the Comment Section.

Skylight opens for ventilation. Like the windows, you have the choice of bronze-tinted semi-transparent acrylic, solid white acrylic, or clear acrylic.

Skylight Open
(Photo shows 4' x 8' Skylight)

Skylight in Closed Position
(Photo shows 4' x 8' Skylight)

E. Gazebo Windows

Your Gazebo can have either fixed windows or sliding windows in any configuration you'd like. You can have all fixed or all sliding windows with screens (same cost). Or, you can have a mix of fixed and sliding windows.

If you choose a mix of sliding and fixed windows, we will contact you to see what your layout preference is. Or, if you know, just make a note in the comment box at checkout. Prior to building any gazebo, we prepare a drawing showing how the windows and doors are laid out to give you an opportunity to make any last minute changes before construction.

NOTE: Window height is determined by wall height and the height of the siding below the windows. You can choose the siding below the windows to be 24, 30 or 36" in height. Gazebo walls are 7' tall in most cases. So, the taller the siding, the shorter the windows. More siding gives more privacy but less visibility. This is the tradeoff. Cost is the same regardless of the siding height you choose.

Sometimes, the solution is to have the walls made taller by 6 or 12 inches. If you'd like to make the walls taller, let us know. There is an added cost for the taller walls, that varies depending on how tall and how large your Gazebo is.

All sliding windows with screens.

F. Gazebo Flooring

You can order your Gazebo with a Tongue & Groove Douglas-fir flooring. The Gazebos are usually placed on a concrete pad or a wood deck. Photo below shows the Gazebo without flooring on the lawn for maximum contrast. We recommend placing your Gazebo on a wood deck, concrete slab or a stone or tile or brick patio to elevate the walls off the ground for more year round use.

Complete Floor

No Flooring

Douglas-fir tongue and groove flooring is an extra charge as shown in the price list. But if you order flooring with your gazebo, it is added without any additional shipping charge.

G. Gazebo Siding Height

Gazebo walls are a standard 7' tall. Below the windows we offer wood siding in 3 different height options. The height of the siding sets the height of the windows above it. For maximum window visibility, set your siding height at 24". For greater privacy, set your siding height to 30" or 36".

The picture shows the measures relevant to each area.

H. Gazebo Siding Orientation

Gazebo Siding Horizontal Orientation

(Siding Height is an option.

Heights available are 24", 30" or 36". Photo above shows siding at 24" H).

Gazebo Siding Vertical Orientation

(Siding Height is an option.

Heights available are 24", 30" or 36". Photo above shows siding at 24" H).

I. Gazebo Door Style

Doors are centered on the wall. The standard 360 Gazebo has double sliding Japanese doors with sliding screens. You can also choose French doors, on hinges opening outward, without screens (no extra charge). And you can have one, two, three or four sets of doors in place of the windows (one per wall instead of windows at no extra charge).

French Doors (both open out)

Japanese Doors (2 doors, each slides into wall)

J. Anchor Hardware Kit

We will send to you the necessary hardware to attach your gazebo to the stone, brick, concrete (all with Anchor Bolts) or wood (with Lag Bolts). Please, let us know if your gazebo has a deck or not and where you want place it. We will send you the appropriate hardware for that.

Sun Gazebo with Sliding Doors or Kikue's Tea House Anchoring Hardware (without deck).

Sun Gazebo with Sliding Doors or Kikue's Tea House Anchoring Hardware (with deck).

K. Accessory Bases & Shelving

Ceiling Fan Base Drawing

Ceiling Fan Base

Roof Fan

Pavilion with 2 Ceiling Fan Base

Attach the Ceiling Fan base between the rafters with 4 bolts (two per side). The paddle fan is usually placed in the center of the Pavilion's ceiling, but of course, you can place it almost anywhere you have sufficient head space.

Many customers have told us that by far the best manufacturer is a company out of Kentucky called the **Big Ass Fan** Company. Funny name, great fans. They move a lot of air, are quiet and are probably the best in the business.

L. Finish Options

All our furniture ships finely sanded to 220 grit for a smooth to the touch finish.

The most popular finish is our Transparent Premium Sealant. This sealant leaves your furniture looking natural and helps keep the beautiful wood surface colors from fading for several years. We use Sikkens brand finishes because they are the best finishes on the market. For more information about our finishes and how to keep your furniture looking great year after year, please go to: [Care & Finish](#).

Unfinished (fine sanding only):

If you are applying your own stain or want the surface color to fade to a "weathered look" in a few months. We do not recommend you leave your furniture unfinished outdoors for any extended period regardless of wood quality. Outdoor weather changes constantly and it is best to at least seal the wood to protect it from consistently absorbing and losing moisture.

Transparent Premium Sealant - Recommended for Outdoors:

Below are the 5 grades of wood we offer with the Transparent Premium Sealant applied. The color tones shown are close representations of the color your furniture will look like. There is no extra charge for the Transparent Premium Sealant:

				
Douglas Fir (10 yr. Warranty)	Mosaic Eco-Wood (10 yr. Warranty)	Redwood (15 yr. Warranty)	Mature Redwood (20 yr. Warranty)	Old Growth Redwood (30 yr. Warranty)

We also offer the Transparent Premium Sealant with the following stains. There is a small charge for adding these stains because it increases the total amount of coats to 4 with the sealant as the final coats:

Here is how the Coffee Stain looks like on Redwood

Here is how the Cherry Stain looks like on Redwood

Tiger Stripe Effect

Douglas-Fir when stained dark creates a "tiger stripe" effect as shown in this photo. It is beautiful and most customers love it. If you are looking for a dark consistent stain and do not want to see a "tiger stripe effect", please go with any of the Redwood grades for a more consistent stain finish.

Primers

- **Off-White Oil-Based Primer:** If you are painting a light color. We apply two coats so that it is ready for one final coat.
- **Gray Oil-Based Primer:** If you are painting a darker color. We apply two coats so that it is ready for the final coat.

Custom Paints

Custom Paint Finish (go to BenjaminMoore.com):

Have Forever Redwood paint your order any color you like. We prefer to use Benjamin Moore paints because they make excellent quality products and offer a huge selection of paints and colors to choose from.

Modern Louvered Pergola – Black Stain

Benjamin Moore: Black Stain, 2131-10

First select the type of paint you want: Benjaminmoore.com

Then click the colors tab and choose from the almost endless amount of colors offered.

Just select the Custom Paint finish option and in the Comment box enter the type of paint and the name and number of the color you would like. We will confirm your custom paint request within 24 hours of receiving your order and we will order the paint for you and apply per the specified directions. You only need to let us know the type of paint and the color name and number and we will do the rest.

III. ASSEMBLY & CARE

Assembly Instructions for: [Spa Gazebo Kit](#).

All You Need is a Few Tools and a Friend.

Assembly is best done by two people and usually takes about half a day to a day, depending on size. Pergolas need a ratchet wrench, a hammer and a ladder to put them together. In some cases, you might need a drill to attach the posts into concrete. As with all our products, we preassemble pergolas in our shop to ensure everything fits together. All hardware is included and all parts are clearly labeled before it is shipped. We also include detailed step-by-step instructions.

Take a look at our assembly instructions below for specific details. If you plan to pour concrete to hold the posts, the project will require an additional half day prior to assembly. Please do the concrete pour a few days prior to assembly to allow the concrete to cure.

Installation Help.

Special talent is not required to re-assemble our pergolas. But, if you would like help, [just let us know](#). We have our own team for installations in California, Nevada and Southern Arizona and a network of local contractors we recommend for farther afield.

Care: Your Forever Redwood Furniture will last for decades in year-round weather without maintenance.

Depending on the wood grade you choose, even with harsh year-round outdoor conditions, you can expect your furniture to last from ten to forty years without maintenance of any kind.

Being outside year-round is rough on any woods finish. The surface absorbs UV rays, pollution, constant variations in moisture and temperature and it also oxidizes. This is why most wood just doesn't hold up and the surface color slowly changes towards a silver patina over the years. But, with Forever Redwood, you don't have to worry. The silver patina is surface deep only (less than 1/64") and is not indicative of decay. Your set will last decades and is not compromised in any way by the surface color change. For example, we keep our display items as is without refinishing to show off this natural aging (we like the patina!).

Although Forever Redwood is maintenance-free, we recommended you take a few minutes as needed to clean by either hosing down and/or brushing/dusting away accumulated debris (no soap or chemicals needed). If you'd like to keep your set looking its best for decades, please go to: [Care and Finish](#).

IV. MATERIALS

The secret to outdoor longevity begins and ends with the wood. We use generous amounts of the most decay resistant wood available. We encourage our customers to compare photos of our items side by side with any competing product. Thickness counts. Furniture that is thin and light simply won't last in the year round weather.

To keep your furniture beautiful, we use only stainless steel hardware and the highest quality stains and sealants. We use only the Sickens brand of sealants.

Our primary customer has always been the homeowner that appreciates spending a bit more for quality that will last decades.

Our products are installed with organizations that appreciate longevity like the U.S. Forest Service, U.S. military installations, State and City parks, golf clubs and hotels.

We are favored by many landscape architects and contractors because they can count on exceptional quality and quick personal service to complete projects.

We build each item by hand. This insures your set is finely finished and carefully inspected. Old-fashioned hand building also allows us to adjust the size or design of any item to fit your needs.

Because we are a forestry company, we can offer 5 exceptional wood grades to choose from our carefully managed forests with warranties of up to 30 years against decay in any weather. [Click for more about our 5 wood grades.](#)

V. WARRANTY

Wood decay is warrantied up to 30 years depending on the wood grade. No other outdoor furniture manufacturer has warranties like this. The key is the excellent quality of our wood and the extra-thick timber designs of all our pieces.

Wood Grades and Decay Warranty:

- Douglas-fir: 10 years
- Mosaic Eco-Wood: 10 years
- Redwood: 15 years
- Mature Redwood: 20 years
- Old-Growth Redwood: 30 years

Forever Redwood stands behind its products. We are committed to quickly resolving any issues that might occur. For more information please see our [Warranty](#) page.

VI. SHIPPING

We offer 4 Shipping Options in the U.S.:

- Rush Shipping (ships in 3 weeks).
- Priority Shipping (ships in 6 weeks).
- Standard Shipping (ships in 10 weeks).
- Free Shipping in the Continental U.S. (ships in 14 weeks).

Notes for Orders requiring drawings or approvals:

All Shade Structure orders (Pergolas, Pavilions, Gazebos and Arbors) require drawings to make sure all details are agreed upon prior to building and to give our customers the ability to customize their structures to meet their needs. We also sometimes make custom changes to Swings, Planters, Benches, Tables and other standard production items per customer requests. If your order has a custom detail or is a shade structure, you will receive your first drawings via email within 5 business days of receiving your completed order with a deposit.

We will go back and forth with you as needed to fine tune the design to your liking prior to building it. Once you sign off on your drawings, your timeline for shipping will begin. Please keep this in mind. If you need a Rush Order and also drawings, it is best you call in your order so that we can organize ourselves to both complete your drawings on an expedited basis and meet your shipping deadline.

Yes, you can have free shipping plus save 3% off your order! We carefully hand build each Forever Redwood item. When you choose a longer ship out date, you give us more time to build. This lowers our cost and we pass the savings to you. If you choose the Wait & Save Shipping option and prefer we ship out on a specific date (up to 6 months in advance), just enter the date in the Comment Box at Checkout. If no note is included, we'll ship in 3 months.

Orders ship from San Diego, CA. Add 3 to 6 business days transit time (depending on location).

We ship to any country. Canada orders ship in 6 weeks. To see Canadian shipping costs, just add item to cart.

For orders outside the U.S. or Canada, just enter your country in the shipping information section at checkout or in the shopping cart to see your freight cost. We ship outside the U.S. or Canada in 6 weeks. For all international shipments, the shipping companies handle any customs paperwork and then contact you to arrange delivery.

Assembly Service Available Nationwide: All orders over \$3,000. in size can choose to have Forever Redwood assemble for you. Just choose White Glove Service in the Shopping Cart or at Checkout. For more information on White Glove, please go to: [WHITE GLOVE](#).
