Extra-long? Any of our loungers can be built longer than the standard 74 inches to make sure it works perfectly for you. Just let us know and we'll add 4 or even 6 inches to the length for a small surcharge.

B. Snack Trays

These Loungers come with Slide-Out Snack Tray(s). Single Chaise Loungers have one tray on the right side (standard) but you can choose to have yours on the left side (during the checkout process). Both Honeymoon and Double Chaise Loungers have double trays (one on each side).

C. Lounger Height

All loungers photographed at the standard 13" height. But we can also build your lounger bed at a 15.5" or 18" height at no extra cost.

D. Lounger Wheels

You can order these chaise loungers with or without wheels.

E. Custom Cushions

If you'd like a cushion for your chairs, please indicate this in the Advanced Options section. Standard cushions come in forest green however you also have the option to visit [Trivantage](#) to choose from the hundreds of outdoor fabrics they have for your cushion.

If you want a cushion in a color other than forest green, just select Custom color cushion and note the name and number you'd like in the comments box (visit [Trivantage](#) to choose from the hundreds of outdoor fabrics they have for your cushion). Most upholstery fabrics are under \$30/yard and are included in the cushion price. If you prefer a premium fabric over \$30/yard, the cost over \$30/yard will be manually added to your order total after checkout and you will be notified of any additional charge.

It's machine washable. Each cushion has a zipper so you can remove the foam and wash the fabric easily.

Single sized loungers use 3 yards of fabric, the Honeymooner uses 4, and the Double uses 5. Lounger cushions are box construction with the fabric cut flush to the edge creating a line along the borders (no welt). The bottom side is made with a thick rubbery fabric to help keep the cushion from sliding. All lounger cushions come with straps to tie the cushion to the lounger. Your cushion can be made in three ways (same price):

- With just one seam separating the backrest from the bed (2-section design) see first product photo above (not recommended for the curvaceous Penny Loungers).

- Or for space saving, a second seam is added to the bed so the cushion folds compactly in 3 sections (recommended design for most of our Loungers).
- Or, the most compact design is made with five sections (two for the backrests and three for the beds that folds up accordion style) see other photos above.

Each lounge cushion has a 2” thick “pillow” cushion at the top of the backrest(s). The pillow cushion can be flipped back when you don’t want to use it. The double lounge cushions all have independent separate backrest cushions to allow for independent backrest positions.

F. Finish Options

All our furniture ships finely sanded to 220 grit for a smooth to the touch finish.

The most popular finish is our Transparent Premium Sealant. This sealant leaves your furniture looking natural and helps keep the beautiful wood surface colors from fading for several years. We use Sickens brand finishes because they are the best finishes on the market. For more information about our finishes and how to keep your furniture looking great year after year, please go to: [Care & Finish.](#)

Unfinished (fine sanding only):

If you are applying your own stain or want the surface color to fade to a "weathered look" in a few months. We do not recommend you leave your furniture unfinished outdoors for any extended period regardless of wood quality. Outdoor weather changes constantly and it is best to at least seal the wood to protect it from consistently absorbing and losing moisture.

Transparent Premium Sealant - Recommended for Outdoors:

Below are the 5 grades of wood we offer with the Transparent Premium Sealant applied. The color tones shown are close representations of the color your furniture will look like. There is no extra charge for the Transparent Premium Sealant:

				
Douglas Fir (10 yr. Warranty)	Mosaic Eco-Wood (10 yr. Warranty)	Redwood (15 yr. Warranty)	Mature Redwood (20 yr. Warranty)	Old Growth Redwood (30 yr. Warranty)

We also offer the Transparent Premium Sealant with the following stains. There is a small charge for adding these stains because it increases the total amount of coats to 4 with the sealant as the final coats:

Tiger Stripe Effect

Douglas-Fir when stained dark creates a "tiger stripe" effect as shown in this photo. It is beautiful and most customers love it. If you are looking for a dark consistent stain and do not want to see a "tiger stripe effect", please go with any of the Redwood grades for a more consistent stain finish.

Primers

- **Off-White Oil-Based Primer:** If you are painting a light color. We apply two coats so that it is ready for one final coat.
- **Gray Oil-Based Primer:** If you are painting a darker color. We apply two coats so that it is ready for the final coat.

Custom Paints

Custom Paint Finish (go to BenjaminMoore.com):

Have Forever Redwood paint your order any color you like. We prefer to use Benjamin Moore paints because they make excellent quality products and offer a huge selection of paints and colors to choose from.

III. ASSEMBLY & CARE

Assembly Instructions for: [Tony's Chaise Loungers](#)

All You Need is a Few Tools and a Friend.

Assembly is best done by two people and usually takes about half a day to a day, depending on size. Pergolas need a ratchet wrench, a hammer and a ladder to put them together. In some cases, you might need a drill to attach the posts into concrete. As with all our products, we preassemble pergolas in our shop to ensure everything fits together. All hardware is included and all parts are clearly labeled before it is shipped. We also include detailed step-by-step instructions.

Take a look at our assembly instructions below for specific details. If you plan to pour concrete to hold the posts, the project will require an additional half day prior to assembly. Please do the concrete pour a few days prior to assembly to allow the concrete to cure.

Installation Help.

Special talent is not required to re-assemble our pergolas. But, if you would like help, [just let us know](#). We have our own team for installations in California, Nevada and Southern Arizona and a network of local contractors we recommend for farther afield.

Care: Your Forever Redwood Furniture will last for decades in year-round weather without maintenance.

Depending on the wood grade you choose, even with harsh year-round outdoor conditions, you can expect your furniture to last from ten to forty years without maintenance of any kind.

Being outside year-round is rough on any woods finish. The surface absorbs UV rays, pollution, constant variations in moisture and temperature and it also oxidizes. This is why most wood just doesn't hold up and the surface color slowly changes towards a silver patina over the years. But, with Forever Redwood, you don't have to worry. The silver patina is surface deep only (less than 1/64") and is not indicative of decay. Your set will last decades and is not compromised in any way by the surface color change. For example, we keep our display items as is without refinishing to show off this natural aging (we like the patina!).

Although Forever Redwood is maintenance-free, we recommended you take a few minutes as needed to clean by either hosing down and/or brushing/dusting away accumulated debris (no soap or chemicals needed). If you'd like to keep your set looking its best for decades, please go to: [Care and Finish](#).

IV. MATERIALS

The secret to outdoor longevity begins and ends with the wood. We use generous amounts of the most decay resistant wood available. We encourage our customers to compare photos of our items side by side with any competing product. Thickness counts. Furniture that is thin and light simply won't last in the year round weather.

To keep your furniture beautiful, we use only stainless steel hardware and the highest quality stains and sealants. We use only the Sickens brand of sealants.

Our primary customer has always been the homeowner that appreciates spending a bit more for quality that will last decades.

Our products are installed with organizations that appreciate longevity like the U.S. Forest Service, U.S. military installations, State and City parks, golf clubs and hotels.

We are favored by many landscape architects and contractors because they can count on exceptional quality and quick personal service to complete projects.

We build each item by hand. This insures your set is finely finished and carefully inspected. Old-fashioned hand building also allows us to adjust the size or design of any item to fit your needs.

Because we are a forestry company, we can offer 5 exceptional wood grades to choose from our carefully managed forests with warranties of up to 30 years against decay in any weather. [Click for more about our 5 wood grades.](#)

V. WARRANTY

Wood decay is warrantied up to 30 years depending on the wood grade. No other outdoor furniture manufacturer has warranties like this. The key is the excellent quality of our wood and the extra-thick timber designs of all our pieces.

Wood Grades and Decay Warranty:

- Douglas-fir: 10 years
- Mosaic Eco-Wood: 10 years
- Redwood: 15 years
- Mature Redwood: 20 years
- Old-Growth Redwood: 30 years

Forever Redwood stands behind its products. We are committed to quickly resolving any issues that might occur. For more information please see our [Warranty](#) page.
