FOREVER REDWOOD

DIMENSIONS & DRAWINGS

Round Wooden Picnic Tables (Attached Benches)

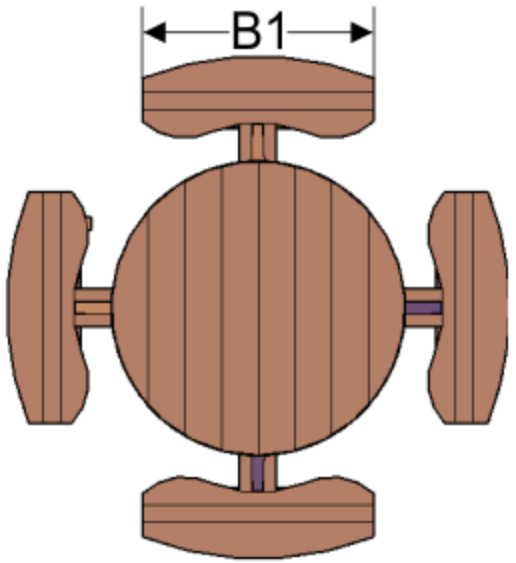

The tables are substantially overbuilt to last. All tabletop boards are 1 7/8" thick. The 4 ft and 4.5 ft tables have legs made with extra thick 1 7/8" x 5 3/4" timbers. The 5, 5.5 and 6 ft tables have legs built from 2 5/8" x 5 3/4" timbers. Tables with attached benches use timbers under the table to hold the benches. If you plan to use an umbrella stand, keep in mind these timbers limit umbrella stand height to 12.5" or less. If you require a custom size for your furniture, please let us know. In almost all cases we can acomodate your needs.
